

UNIVERSITY OF
COPENHAGEN

Lecture 4 - Extension and Shocks

The Merged Model Framework

Jonathan Wenzel Pedersen

Summer 2026

Plan for today

1. Show how to change base_year again
2. You get to change and update base_year with new data.
3. Show extension example (Government investment split)
4. Allow class to try own example of extension (General guide)
5. Show how to do a shock
6. Class can try different shock/scenarios.

Plan for future

1. You can always contact me at: jwp@econ.ku.dk
2. I'll be available for video call one day a week starting from august, we will write out when we know which day and which timeslot it will be.
3. This is a beta version, and I'll be updating it continuously.
